Dynamic Architectural Lumination

MULTILUME

MULTIPLE ADJUSTABLE ILLUMINATION

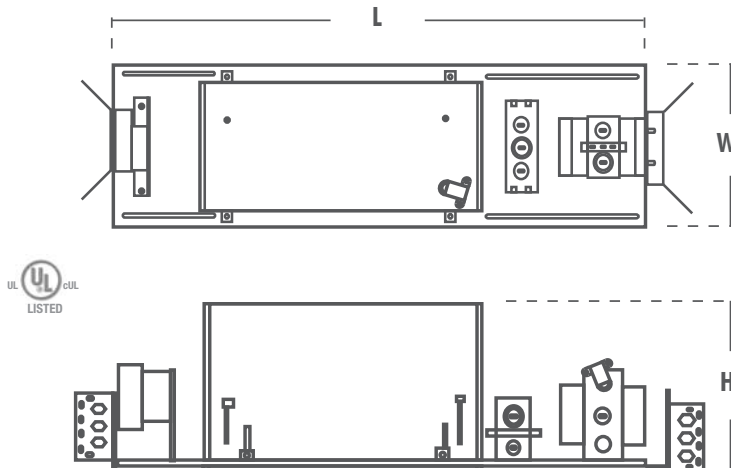

MULTIPLE ADJUSTABLE ILLUMINATION

- 1. FACEPLATE**
Heavy gauge 2.5 mm steel face plate. Fully die-cast powder coat finish in white or black. Face plate covers ceiling opening to provide for a clean unobtrusive look in line with the ceiling.
- 2. ADJUSTABLE HOUSING**
can be adjusted to accommodate ceilings up to 2" thick.
- 3. ELECTRONIC BALLAST**
Energy Efficient Electronic Ballast (5-year warranty) 120V/277V. The ballast is installed away from lamp source, allowing a cooler operation.
- 4. HANGER BARS**
Takes optional C-Channel, Linear Hanger Bars
Ideal for sheet rock or suspended ceiling applications.
- 5. ADJUSTABLE TRIMS**
Trims rotate 359° and tilt 23°
Front lamp loading and adjustable height socket design.
- 6. 1-LAMP TO 4-LAMP DESIGN**
Available with matching 1-lamp, 2-lamp, 3-lamp, and 4-lamp. Perfect for retail and other areas that require multiple adjustable illumination.
